

UPDATING FOR HOLLYWOOD MOVIE CHANNELS

- ★ Launch your application. If you are not prompted within 5-10 seconds to update your version of the application, please close and reopen the application.
- ★ The first prompt to update your version will appear immediately—click “yes”
- ★ Within several minutes, you will detect this upgrade taking place by clicking on the movie button in the left-hand side of the channel guide—the number of subcategories will increase from two to three, four and eventually five categories, including Sony Pictures Entertainment and Hollywood Favorites & World Cinema collections
- ★ Towards the end of the upgrade, a prompt will appear to add new content—click “yes” to enjoy hundreds of films and television episodes from the new collections now on the channel guide
- ★ This process can take from 10-30 minutes, depending upon your internet connection.
