**Dedication of the Largo-Kettering Branch Tapestry
Saturday, January 26 2 pm
Largo-Kettering Branch Library**

Join us for the installation of a beautiful new artwork!

The Prince George's County Memorial Library System & the Art in Public Places invite you to the dedication of the public art installation, *Vibration: The Fabric of Our Lives* by Hyattsville artist Barbara Bancroft on Saturday, January 26, 2008 at 2 pm. The dedication will take place at the Largo-Kettering Branch Library, 9601 Capital Lane, Largo, MD 20774, 301-336-4044.

Commissioned by Art in Public Places, this colorful hand-felted three panel wall mural by Hyattsville artist Barbara Bancroft depicts the complexities of our lives--our intellectual curiosity, sense of exploration, and love of music, arts and dance. Bancroft hand felted and hand dyed the wool used in this project. Bancroft also did the bird sculpture installed in the children's section of the branch. Steven Weitzman designed and fabricated the bird shell.

Art in Public Places is a program of the Office of Central Services, Prince George's County. *Snow date: February 2.*
